San Jose, Guatemala, July 23.—A treaty of peace between Guatemala, Salvador and Honduras was signed Friday on board the United States cruiser Marblehead on the high seas.

Guatemala was represented by Juan Burrios, minister for foreign affairs, Jose Pnto, chief justice of the supreme court, and Manuel Gabrail, assistant justice of the supreme court.

The conference agreed upon terms on which the grievances of the two countries are to be settled at another conference to be held in the near future.

The peace commissioners of Guatemala were landed Friday night.

The commissioners of Salvador and Honduras were landed at Acajutla on Saturday morning.

The members of the American legations will land at the respective points where they are accredited.

In his message Mr. Merry referred to a joint message sent by himself and Mr. Combs, the American minister to Guatemala and Honduras, which message had not reached the state department late Friday night. This message, it is believed, gives details.

Case Puzzles Physicians.

New York, July 23.—Domenico Bonzo, an Italian girl 18 years old, arrived here Friday from Havre, France, in a cataleptic state. She was removed to a sanitarium and despite the constant attention of physicians there was no change in her condition Saturday. The second day out from Havre the young woman suffered a violent attack of sea sickness, the next day she passed into a state of coma and was seemingly dead for the remainder of the voyage. The ship's doctor was powerless to restore her to consciousness. Pin pricks produced no impression on her nerves. The case is puzzling some of the leading medical practitioners of New York.

ANTI-BUCKETSHOP BILL TABLED

Preservation of Flags Made the Speaker Vote.

Atlanta, July 23.—The house met at 10 o'clock Saturday morning, having held no afternoon session Friday. The day was devoted to the reading of the reports of committees, reading of house and senate bills a second time, and the reading and passage of local bills.

Immediately after the session opened Friday morning, Mr. Wright, of Floyd, secured the floor, which he held from the afternoon before in making his speech on the anti-bucket shop bills, and stated that the attendance was so poor and the subject of such great importance that consideration of it should be deferred until the early part of next week. He moved that the bill be tabled, and his motion prevailed.

The greater part of the day was consumed in debating the provisons of the substitute of Mr. Porter, of Floyd, to house bill No. 59, to prohibit the manufacture and sale of cigarettes in this state. The substitute provides that minors who have cigarettes and cigarette materials in their possession shall be guilty of a misdemeanor, but are exempted from punishment if they disclose the name of the person who furnished it.

Mr. Williams, of Laurens, made the chief speech, in support of the bill, urging that it be passed in the shape in which it would be put by the author's amendment. Mr. Wright, of Richmond, Felder, of Bibb, and others protested against the provisions which made a minor a criminal for having the prohibited matter in his possession, and after much discussion the measure was tabled.

The bill of Messrs. Longley and Booker, of Troup, to provide for the preservation of the confederate flags returned to the state by the United States, was passed.

The ceremony will be marked with befitting quietness and simplicity. The marriage rites will be spoken by Bishop Nelson, of Georgia, assisted by Dr. DuBose, dean of the theological department of the university of Sewanee. Immediately after the ceremony Bishop and Mrs Bratton will leave for Jackson.

Yellow Fever in Cuba.

New Orleans, July 23.—The existence of yellow fever in Ceiba, Spanish Hounduras, was announced Saturday to the Louisiana state board of health by Surgeon General Wyman, of the United States marine hospital service. All passenger traffic between here and Ceiba was stopped thirty days ago by quarantine orders of the state board.

Macon, Ga., July 23.—Stockholders of the First National bank here, who were during the receivership of W J. Butler, assessing for their full stock in the stranded institution, and who were saddened at the call of the comptroller of the currency for their pro rata parts, were made altogether happy by the announcement from Judge A. L. Miller, agent of the stockholders that he was ready to pay over 90 per cent of this fund to those who had paid in their assessments.

Dreyfus Highly Honored.

Paris, July 23.—In the presence of a distinguished military assemblage Major Alfred Dreyfus, wearing the full uniform of his rank, Saturday received the cross of Chevalier of the Legion of Honor. The ceremony which occurred in the court yard of the military school was rendered doubly impressive by being held on the very spot where the buttons and gold lace were stripped off his uniform and his sword broken twelve years ago.

WANT CASE SETTLED WITHOUT A TRIAL

Friends of White on Side of Mother of Thaw.

EACH INTEREST ANTAGONISTIC

Should All Resources Fail Thaw's Mother Will Apply to Court for Appointment as His Legal Guardian So She May Act With Free Hand.

New York, July 23.—Following the report Friday that Harry Thaw had been reported insane by alienists employed to make preliminary examinations by William K. Olcott it was asserted that although without co-operation the friends of Stanford White were on the side of the mother of the prisoner in an effort to settle the case without the necessity of a trial.

Still far apart are the divergent interests in the case. Thaw, his wife and Mr. Hartridge, his personal counsel, are for a trial, where a plea of justification on the "unwritten law" or "emotional insanity" will be made. The district atorney believes the ends of justice would be served by a trial.

Mrs. William Thaw and the firm of Black, Olcott, Gruber and Bonynge, which she still retains, although the engagement is not recognized by her son, are against the trial. Mrs. Thaw has set to herself the task of bringing her son to her way of thinking in the mater of retaining the Olcott firm and accepting advice regarding the plea of insanity. Thus far she has gained little ground and her failure has not served to increase the cordiality of feeling between herself and her daughter-in-law, who is supporting his position.

Should the other resources fail, it was said that the elder woman would apply to the courts for an appointment as her son's legal guardian on the ground that he was mentally unable to take care of himself. She would thus become a committee of his person and estate and have the right to take any steps she might deem to his advantage. The half dozen or more prominent alienists who were retained several weeks ago by Black, Olcott, Gruber and Bonynge, are not it is believed, to work for Thaw's new lawyers or to make any report to them. These alienists have been retained by Mrs. William Thaw.

Water of the Mississippi Is Used.

London, July 23.—King Edward was one of the god-fathers of the Duke of Manchester's second son, who was Christened Saturday in the chapel royal, St. James palace. The king was represented by Earl Granville, a lord in waiting. The others sponsors were Eugene Zimmerman, of Cincinnati, father-in-law of the duke, and Consuelo, duchess of Manchester, widow of the eighth duke. Water from the Mississippi river was used at the Christening. The mother was indisposed and unable to be present, but a fashionable gathering attended the ceremony.

FIGHT ON NEGROES' UNION.

The Dublin Bricklayers Are Up Against It.

Dublin, Ga., July 23.—A fight on the Bricklayers' union has been started here, and will not be stopped until the union is routed out of existence.

Practically every mechanic in the city has signed an agreement not to work on any job inside the incorporate limits of Dublin where a member of the Dublin Bricklayers' union is employed and nearly every contractor in the city has agreed not to employ a member of the union. In addition to this, nearly all of the property owners in Dublin have signed an agreement not to work on a job where a member of the union is employed.

The Dublin Bricklayers' union is composed entirely of negroes. They were organized a few years ago by a white man who came to Dublin for that purpose. The members of this union have become so arrogant that it is deemed necessary to destroy the union.

May Tie Up Printing Establishments.

Chicago, July 23.—Complete tieup of the printing establishments of members of the Chicago Typothetae may follow action which has been taken by the Allied Printing Council to assist the printers in their fight for an 8-hour day. The plans are being secret, but a committee of one from each of the five internationa funions affiliated with the council has been appointed with full power to act. It is said that the photoengravers and bookbinders have already received the sanction of their respective national officers to go on strike in aid of the printers on terms proposed by the latter. The printers have offered to pay the strike benefits of all workmen going out in sympathy with them.

Will Live as Brother and Sister.

Colorado Springs, Colo., July 23.—Believing they have been violating the teachings of the Holy Bible, for the past five years, the Rev. J. D. C. Christie, pastor of the new Mission church of this city, and his wife, both of whom were divorced before being married, publicly announced at a revival service attended by several hundred people that henceforth they would not live as man and wife. However, they will continue to live under the same roof as brother and sister. The announcement was made after the Rev. Charles W. Savage, pastor the People's church, of Omaha, had delivered a sermon against the re-marriage of divorced persons.

Will Not Permit Decoration.

New York, July 23.—A cable dispatch to the Herald from Paris says that the council of the Order of the Legion of Honor, to which, according to custom, the French government submitted the proposal to decorate Mme. Sarah Bernhardt with the cross of the order has refused to grant its permission for the decoration. Such refusals have been very rare indeed, but not absolutely preclude the conferring of the decoration, for the government can bring influence to bear that may cause the council to yield, as happened in a similar case some years ago.

Emma Goldman's Magazine.

Chicago, July 23.—The whole downtown district was placarded with red "stickers" advertising Emma Goldman's magazine Saturday. The placard asks "What do you know about anarchism? Read Emm Goldman's magazine." These placards were pasted on windows all over the downtown district. Marshall Field & Co.'s retail store, the Masonic Temple, Hillman's, the Boston store, Carson Pierce, Scott & Co., and other stores along State street were marked with posters.

CRISIS HAS PASSED IN RUSSIAN CONDITION

Ukase to Dissolve Parliament Was Not Issued.

GENERAL STRIKE IS PREVENTED

Decision to Postpone Dissolution of Parliament Was Preceded by Receipt of Practical Ultimatum of Goremykin Ministry.

St. Petersburg, July 23.—The acute crisis which faced the country Friday, has been passed.

On Thursday night a decision was reached to dissolve parliament Saturday, and a ukase to this effect was actually prepared, but when it became apparent that the constitutional Democrats, although they had obtained a nominal victory, had virtually suffered a defeat and were anxious to retrieve their blunder, it was decided at Peterhoff not to issue the ukase, but to allow the matters to drift along for the present.

Saturday morning Interior Minister Stolypin notified the chancellor of parliament that he would appear in the house Saturday and answer interpellations.

The Nasha Shisn says that the decision to postpone the dissolution of parliament was preceded by the receipt of what was practically an ultimatum from the Goremykin ministry, which demanded to be allowed to resign or that it be given a free hand. The prevailing sentiment at Peterhoff continues to be that a decisive step to suppress parliament as a revolutionary center will be necessary in the near future, but there seems hope that the open breach between the left and the constitutional Democrats with the loss of prestige suffered by the latter, may so complicate the situation as to render the task of the government easier. All chance of the formation of a ministry composed of constitutional Democrats is seemingly ended, as it is plain that the constitutional Democrats no longer control a parliamentary majority. The present situation cannot be prolonged and many competent judges believe that matters are rapidly moving toward a dictatorship.

The arrival of the guard regiments at the capitol has been followed by the strengthening of the patrols all throughout the industrial quarters, where the workmen are greatly excited by the complete suppression of the socialistic press. Orders have also been issued to all printing offices to notify the chief of police immediately of any attempt to set up the address of the lower house to the country. The temper of the masses can be judged by the fact that mobs resisted the closing of the offices of the Socialistic papers last night and that at meetings of the proletariat organizations of Moscow it was resolved to make the dissolution of parliament the signal for a general strike.

Soap Manufacturers Lose by Fire.

Chicago, July 23.—Thirty-two guests of the St. Elmo hotel were driven into the street early Saturday by a fire which, for a time, threatened to destroy the hotel. Several of the guests were overcome by the smoke and slightly burned. The property loss was small. Another fire destroyed the plant of John Fitzpatrick, & Co., soap and tallow manufacturers. The loss is estimated at $74,000.

35,000 Persons Homeless.

Syzran, Simbirsk Province, July 21.—The fire which was started here July 19, continued throughout most of the day until the whole of the city with the exception of a small section near the railway station, was consumed. The conflagration has rendered 35,000 people homeless who are also without food.

Ran Aground; No Damage Done.

New York, July 23.—The steamer Minneapolis of the Atlantic Transport line which sailed Saturday morning for London ran aground on the edge of the main ship channel off Sandy Hook during a thick fog, but shortly afterwards released herself without assistance and proceeded on her voyage.

AN EXCITING AFFAIR ON A. C. L. TRAIN

Henry Williams Shot Twice While Resisting Arrest.

CONDUCTOR GILMER'S NERVE

Negro Was Much Larger Than the Conductor, But Size Didn't Count, and Gilmer Mastered Situation by Physical Strength and Otherwise.

There was "something doing" between Conductor H. L. Gilmer, who has charge of the High Springs-Citra passenger train, Atlantic Coast Line, and Henry Williams, a big burly negro, at Orange Lake Saturday morning, which resulted in a couple of pistol wounds for the latter.

It appears, from the best evidence that could be obtained, that Williams was an escaped convict from the Marion county camps. He managed to escape some time during Friday, and on the evening of that day forced an entrance into a mercantile establishment at or near Ocala, helping himself to whatever goods suited his taste.

Conductor Gilmer, who enjoys somewhat of a reputation as a detective, as well as for his alertness, was notified of this incident. A description was furnished him of the negro, and when the man boarded the train at Orange Lake the conductor proceeded to carry out his instructions to arrest him.

Conductor Gilmer, by authority vested in his position as a railroad employe, exercised the position of a deputy sheriff also. When he attempted to place Williams under arrest it was said that the man resisted vigorously, but he met his match in the little but muscular conductor, who gave him even more than he was looking for. After discovering that he was about to become at the mercy of the officer, the negro made a dash from the car platform, where the tussle occurred, and started for the woods as fast as his legs could carry him. Conductor Gilmer commanded him twice to halt, but without avail, when it was necessary to bring a pistol into play.

Williams was wounded in the right shoulder and foot before he would surrender. He was taken to McIntosh and turned over to an officer.

MADISON VS. OAK HALLS.

Two Lively Games Promised For Wednesday and Thursday.

Madison is said to have the "hottest" ball team in Florida, not even excepting that great South Atlantic League team which calls Jacksonville home, but which, the Jacksonville people dislike to own.

Madison had the pleasure and satisfaction of giving the Oak Halls two terrible drubbings at that place last week; but conditions were unfavorable, as the Oak Halls were crippled in one way or another, and besides they were not on their own grounds.

Madison has been boasting about "what they did" to Gainesville in the last two games, and have decided to come down to the University town to try the Oak Halls a couple of rounds this week. The Madison boys are clever fellows, but they know how to play ball. The Oak Halls, realizing this fact, will strengthen their team to the fullest extent, and lively games are anticipated, as the Gainesville enthusiasts will have the advantage of four games during this week.

The games will be called at 3:30 each day. Let all who can attend the same, as it will have a tendency to encourage the boys.

RHEUMATISM
TROUBLESOME PAINS AND ACHES

While Rheumatism is usually worse in Winter because of the cold and dampness of a changing atmosphere, it is by no means a Winter disease entirely. Persons in whose blood the uric acid, which produces the disease, has collected, feel its troublesome pains and aches all the year round. The cause of Rheumatism is a sour, acid condition of the blood, brought about by the accumulation in the system of refuse matter, which the natural avenues of bodily waste have failed to carry off. This refuse matter coming in contact with the different acids of the body, forms uric acid which is absorbed by the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. Rheumatic persons are almost constant sufferers; the nagging pains in joints and muscles, are ever present under the most favorable climatic conditions, while exposure to dampness or an attack of indigestion will often bring on the severer symptoms even in warm, pleasant weather. Liniments, plasters, lotions, etc., relieve the pain and give the sufferer temporary comfort, but are in no sense curative; because Rheumatism is not a disease that can be rubbed away or drawn out with a plaster. S. S. S. is the best treatment for Rheumatism; it goes down into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the thin, sour blood, cures Rheumatism permanently. Being made entirely of roots, herbs and barks, S. S. S. will not injure the system in the least. Book on Rheumatism and any medical advice without charge.

THE OAK HALLS WERE VICTORIOUS

Defeating St. Augustine by a Score of 4 to 3.

WAS AN INTERESTING GAME

Catcher Bullock of Oak Halls Had Finger Broken and Had to Leave the Game, Ed Clark Being Substituted. Good Crowd, Considering Weather.

The St. Augustine baseball team arrived in Gainesville Sunday evening and went direct to their quarters at Oaks Hotel. The team is composed of as fine a lot of young men as ever accompanied a baseball team and they all know how to play the game.

The game was a fine one from start to finish, notwithstanding that it was played in the rain nearly the whole time.

Sheats was in the box for Gainesville and pitched a beautiful game, while Colee did the work in the box for St. Augustine. Colee is no stranger in Gainesville and pitched a good game.

Here is the game by innings as seen by a Sun representative:

First Inning—Gainesville to the bat, Bullock first up leading off with a single; Sandy Graham fans; Allen Graham follows suit; Hobson out at first. Hits 1, runs 0.

J. Capo for St. Augustine flys out to first; Kemper hits safe to center; Rogero fans; E. Colee out to center field. Hits 1, runs 0.

Second Inning—Sheats first up for Gainesville, is a victim for pitcher; Waller walks; Clark hits safe past second; Kennard walks; Thomas to the bat, but could not get it out of the infield, Waller being out at home; E. Clark out, side gone. Hits 1, runs 0.

E. Colee hit to pitcher, out at first; Conova hits pither also, out at first; A. Colee hits to second, out at first. Hits 0, runs 0.

Third Inning—S. Graham flys out; A. Graham hits to pitcher, out at first; Hobson fans. Hits 0, runs 0.

Barnes walks, H. Conova fans the wind, J. Capo doing likewise; Jack Capo walks; Kemper hits fly to center field, which is dropped, Barnes and Capo scoring; Rogero out to short. Hits 0, runs 2.

Fourth Inning—Sheats out to pitcher; Waller fans; Clark hits over second; Kennard walks; Thomas strikes out. Hits 1, runs 0.

E. Colee singles past second; Conova strikes out; A. Colee out to first; Barnes fans the air. Hits 1, runs 0.

Fifth Inning—Ed Clark can't find the pitcher; S. Graham singles; A. Graham out third to first; Hobson walks; Colee makes wild pitch, S. Graham scores; Sheats fails to connect. Hits 1, runs 1.

Conova flys out to short; J. Capo fans: Jack Capo out to pitcher to first. Hits 0, runs 0.

Sixth Inning—Waller walks; Clark hits to second, forcing Waller out at second; Clark safe at first. Kennard walks; Thomas flys out to left field; Kennard on second. Hits 1, runs 0.

Kemper hit by pitcher, out trying to steal second; Rogero strikes out; E. Colee out at first.

Seventh Inning—Ed. Clark out second to first; S. Graham singles; A. Graham walks; Hobson out to second; Sheats hits to left field; S. Graham scores; A. Graham out at third. Hits 2, runs 1.

Conova out short to first; Colee and Barnes strike out.

Eighth Inning—Waller out pitcher to first; Clark singles; Kennard singles to left field; Thomas flys out to second; Ed. Clark hits two-bagger to center; Clark and Kennard both score; S. Graham out to short. Hits 3, runs 2.

H. Conova walks; John Capo hits to short, H. Conova going out to second; Jack Capo hits to pitcher, who trys to double, but Graham on second drops ball and both runners are safe; Kemper fouls out to Kennard, who makes beautiful running catch; Rogero hits safe to right field, Conova scoring; Colee out at first. Hits 2, runs 1.

Ninth Inning—Graham, Hobson and Sheats all fail to get to first safe.

Conova fans; Colee strikes out, so does Barnes.

Score 4 to 3 favor Gainesville.

St. Augustine will play Gainesville again this afternoon at 3:30 o'clock. If weather permits a large crowd will be present to witness the game.

Catcher Bullock had a finger broken in yesterday's game, and will not be able to enter the game this afternoon, which will weaken the team somewhat.

Having a Big Time.

Letters received from Miss Irene McCreary, who is on a European tour with Miss Clem Hampton and party, state that she is well and having a delightful time. Col. W. W. Hampton also received a letter from Miss Minna Hampton, who is also on a European tour with another party, conveying the welcome information that she is in the best of health and greatly enjoying the trip.

SCALY ECZEMA ALL OVER BODY

Eruptions Appeared on Chest, and Face and Neck Were All Broken Out—Scales and Crusts Formed—Iowa Lady Has Great Faith in Cuticura Remedies for Skin Diseases.

ANOTHER WONDERFUL CURE BY CUTICURA

"I had an eruption appear on my chest and body and extend upwards and downwards, so that my neck and face were all broken out; also my arms and the lower limbs as far as the knees. I at first thought it was prickly heat. But soon scales or crusts formed, where the breaking out was. Instead of going to a physician, I purchased a complete treatment of the Cuticura Remedies, in which I had great faith, and all was satisfactory. A year or two later the eruption appeared again, only a little lower; but before it had time to spread I procured another supply of the Cuticura Remedies, and continued their use until the cure was complete. It is now five years since the last attack, and have not seen any signs of a return. I have taken about three bottles of the Cuticura Resolvent, and do not know how much of the Soap or Ointment, as I always keep them with me; probably one half dozen of each.

"I decided to give the Cuticura Remedies a trial after I had seen the results of their treatment of eczema on an infant belonging to one of our neighbors. The parent took the child to the nearest physician, but his treatment did no good. So they procured the Cuticura Remedies and cured her with them. When they began using Cuticura Remedies her face was terribly disfigured with sores, but she was entirely cured, for I saw the same child at the age of five years, and her mother told me the eczema had never broken out since. I have more faith in Cuticura Remedies for skin diseases than anything I know of. I am, respectfully yours, Emma E. Wilson, Liscomb, Iowa, Oct. 1, 1905."

Complete External and Internal Treatment for Every Humor, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. A single set often cures. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

FORMER WALDO MAN IS DROWNED

Prominent Seaboard Detective Was Overturned by Plank.

WAS GUARDING THE DOCK

Strike Was On, and Mr. Fitzwater Was On Duty as a Special Officer to Promote Peace—Was Well Known in Waldo and Gainesville.

Information comes from Savannah of the sad drowning of George S. Fitzwater, a special agent of the Seaboard Air Line railroad, from the terminal docks in that city about 3 o'clock Sunday morning.

It appears that, there being a strike on the terminals, Mr. Fitzwater had gone there as an officer to keep order. At this early hour in the morning, while making his regular rounds on the docks, he stepped on a board, which overturned, throwing him into the river, and he was drowned before assistance could reach him.

Deceased leaves a wife and one or two children. He was well known in this section, having made his headquarters at Waldo for several years.

THE CONTINUED NORMAL.

Under Direction of Profs. Lynch and Corr, Will be Big Success.

As announced through The Sun, the State Normal Institute which has been conducted for the past six weeks by direction of the State educational department, continued uninterrupted Monday under the direction of Professors Geo. M. Lynch and P. W. Corr, with an able corps of assistants.

The opening attendance was quite encouraging, and the faculty believes that the term will prove most beneficial. A desirable feature of this institution is the fact that young men and young women who want to train for the State University will be given special courses.

Death of Young Man.

Forest Grove, July 23.—On Saturday, July 21, 1906, Attie, the 17-year-old son of Mr. and Mrs. T. L. Brown, closed his eyes to earthly things. Attie lay very sick for some time, his trouble being typhoid fever. The skill of two physicians, the prayers of parents and the kind acts of many friends and relatives could not stay the hand of death. The young man was nicely laid away at Forest Grove Cemetery.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

France has just had a national election or we might find it running Dreyfus for President.

Guatemala and San Salvador are determined to have peace, if they must fight for it all the summer.

The other day the English army killed 300 natives in Africa. Must be our move in the Phillipines next.

Mr. Leiter does not desire to be a witness in the Thaw case. Why should he? Mr. Leiter is not ambitious to go on the stage.

Henry Clay Evans takes the throttle of the Tennessee Republican machine and Congressman Brownlow will either ride on the trucks or walk.

Mr. Bryan announces that instead of abandoning the silver issue he has merely put it away wrapped up in moth balls to be kept for future use.

Senator LaFollette is now busy going about the country exhibiting the trousers that had a hole kicked through them by his Republican colleges.

How can the gentlemanly witnesses in the Breathitt county, Ky., case be expected to remember just whom they killed on a given day months ago?

Those anti-Dreyfusards in Paris ought to cease to rage. The only seemly form of activity for them now is hunting a nice deep hole to crawl into.

Railroad lawyers acknowledge that they are finding the rate regulation law a puzzle. Nobody expected them to find it otherwise. That is what they are paid for.

The New York building department has granted a permit for a forty-two story building. The top of it will do very nicely for a landing place for flying machines a few years from now.

REAL TRUST BUSTING.

After thinking over the Republican attempts at trust busting, mostly stage plays, can you point to one trust that has reduced the price of its produce in consequence of Republican activity? Results are what the tariff taxed public are looking for, but the record shows that the cost of living is now 48 per cent higher than it was before the present Republican tariff law was enacted. The fact is that not only must the laws against trusts be enforced, but their monopoly and special advantages must be destroyed. It is absurd that such a trust as the United States Steel Corporation, that controls nine-tenths of all steel products of the country and that has been proved to be selling its products cheaper abroad than here, should be continued in its monopoly by the tariff law. That gigantic corporation, by far greater than any of its sister trusts, cannot take refuge an an "infant industry" that needs protecting. It may not be policy to take the chances of disturbing the steel business by at once abolishing all its protection, but cutting off one-half of its tariff protection will be one of the first propositions of a Democratic House of Representatives. That would be a start at real trust busting.

THE GHOULISH COFFIN TRUST

Of all the trusts the ghouls of the coffin trust are the most despicable. They prey upon the poor in the hour of their grief when the savings have been depleted by the enforced non-earning power of the bread winner. The cheap box, called a coffin, with its tawdry trappings that cost but a trifle, is sold for a sum that represents weeks of labor. This coffin trust is protected by the Republican tariff from competition by an import duty of 35 per cent, under the paragraph in the tariff law of manufactures of wood not specially provided for. Thus the Republican standpatters have made the government the partner and protector of this ghoulish trust which adds to the misery of the bereaved ones by the imposition of a tax upon a necessity when least able to bear it.

One of the first duties of a Democratic Congress will be to amend the tariff law by putting coffins and caskets upon the free list.

The purpose of store advertising is not merely to sell goods, but to sell more goods—to make friends, build up a patronage that will not only stick but grow. Newspapers reach the greatest number of people in the immediate vicinity in the most natural way, at the least expense, and they are therefore the best of all mediums for stores. In a newspaper you follow the line of least resistance—you follow with the stream—you talk to an audience already assembled, to the people who want to read—their mental cosmos is right—they are on your wire, and they won't ring off if you hold their interest. Attraction is the basis of all advertising—the store is the sun, the customers the planets that revolve round it.

There are two ways of spending a dollar. You can spend it at home, gain an easy conscience, make another friend and perhaps get the dollar back tomorrow, or you send it away, feel that you have sinned, offend the home merchant and forever lose the dollar and the blessed influence for good to yourself and neighbor.

A burglar has been sent to the Jefferson City, Mo., penitentiary under two sentences, one for life and the other for ten years. Undoubtedly they will get the best of the man by making him serve the ten-year sentence first.

Mrs. Longworth was much interested in the "creations" of the Parisian dressmakers. No wonder that Nick announced upon arriving in Paris that their stay in the city would be very brief.

Czar Nicholas would probably be heartily grateful for somebody big enough to sit on the lid as effectively as Secretary Taft served in the same line in the United States.

Mr. Bryan expresses a willingness to welcome all former hooters into the Democratic party, reserving the right, however, to personally search them for concealed weapons.

It is not surprising that John D. Rockefeller was able to pick the winner at the French races. That man couldn't lose money if he burned it up in an incinerator.

Packers who declare that they "welcome inspection" cannot complain in that Secretary Wilson is not doing everything in his power to satisfy them.

Is Mr. Roosevelt going to make the Republicans force the nomination on him?

RAINS DISASTROUS TO PEACHES.

Rains and the Lack of Freight Cars Cause Big Loss.

Adairsville, Ga., July 23—The peach growers of this, the largest shipping point for Elberta peaches in the world, are up against it hard and fast.

Rains for a number of days have been almost incessant; the public roads have recently been worked and are almost impassable. Teams are hauling about half usual loads and Friday to cap the climax, there was a dearth of refrigerator cars.

It is estimated that something like ten car loads of the finest of peaches are packed upon the ground in the rain and mud. The damage is great, and the situation is growing worse.

The same condition existed two years ago. Prominent growers advised this afternoon that legal advice be taken and the law invoked. If ten cars are lost it means, even at $1.50 a crate, a loss of $7,750.

Murder Is Suspected.

Belchertown, Mass., July 23.—Vigorous search is being made for the recovery of the body of Miss Winsola Mabel Goodall, 22 years of age, who disappeared from her home two weeks ago. It is generally believed now that the young woman was murdered. When last seen she was on her way to a small pond where she intended to spend a portion of the afternoon rowing. On the afternoon of July 6 a strange horse and carriage were seen in the vicinity of the pond. It has not been seen since that day. For several days the pond has been dragged from end to end.

Accidentally Shoots Friend.

Statesboro, Ga., July 21.—At the conclusion of a picinic at Stilson, near here, a numbre of men became boisterous in the store of Joe E. Brown. Brown ordered them out and threatened to use his pistol, upon which P. C. Richardson invited him to take a shot. Brown shot, missing Richardson, and hitting David Bailey in the thigh, the ball passing entirely through, breaking the bone. Bradley and Brown are close friends and the affair is generally regreted. All parties are prominent in this section. No arrests have been made.

THREE FACTS

For Sick Women To Consider

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing women for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

Big Plantation Barbecue.

Americus, Ga., July 23.—Six hundred negro laborers employed upon the Hungarian plantation near Americus were given a barbecue Friday by G. D. Jones, the plantation superintendent. A hundred friends of Superintendent Jones were guests. The Hungarian plantation gives such an entertainment annually as a reward for faithful service by its hundreds of employes.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

Say She Killed Husband.

Mobile, Ala., July 23.—Mrs. Joseph Mizell, mother of 17 children, has been arrested at Waynesboro, Miss., charged with poisoning her husband, and Race Hall, a neighbor, is charged with being an accomplice. The body of Mizell was exhumed on reports of foul play and poison was found on examination of the intestines. All the parties are prominent in East Mississippi.

Bowel Complaint in Children.

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy, as it promptly controls any unnatural looseness of the bowels. For sale by all druggists.

Max Neuberger Drowns in Surf.

Savannah, Ga., July 23—Max Neuberger, president of the Marks Shoe company, was drowned late Friday afternoon while in the surf at Tybee. His body was recovered an hour later, a mile from where the drowning occurred. It was carried by the tide to a point where the bodies of the drowned have usually been washed up.

Twenty-Year Battle.

"I was a loser in a twenty-year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve, which turned the tide by curing both, till not a trace remains." writes A. M. Bruce of Farmville, Va. Best for old ulcers, cuts, burns and wounds. 25c at all druggists.

ATLANTAN HURT IN BIRMINGHAM.

He Has Been Unconscious for Over Twelve Hours.

Birmingham, Ala., July 23.—W. R. O'Sullivan, believed to be a traveling man from Atlanta, has been lying unconscious at the St. Vincent hospital for more than twelve hours, as the result of injuries to his head received by being thrown or falling from a street car near the Elyton cemetery.

The conductor in charge of the car, so it is understood, said that O'Sullivan attempted to alight from the car while in motion, and it is said that statements had also been made that he was thrown by the turn in the track at that point where he fell. He was standing on the rear platform. He struck his head a terrible blow on the ground, and he has not regained consciousness. He was taken to the St. Vincent hospital in the ambulance of Shaw & Son. A letter was found in his pocket written by his wife in Atlanta to him while in Uniontown, Ala.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists.

Negro Mob Would Lynch.

Decatur, Ala., July 23.—A mob of negroes are searching the woods about Moulton Heights, a suburb of this city, for Henry Howard, one of their own race. Howard shot another negro, Charlie Davis, dead with a gun, after a quarrel over a woman. Howard is believed to be in a camp near Moulton Heights. He will doubtless be lynched if caught.

Do Not Neglect Your Bowels.

Many serious diseases arise from neglect of the bowels. Chamberlain's Stomach and Liver Tablets are a pleasant and agreeable laxative. They invigorate the liver and regulate the bowels. For sale by all druggists.

Lady Is Painfully Hurt.

Macon, Ga., July 23.—Mrs. Ralph Small was thrown from a buggy while out driving with her husband on the Columbus road and sustained painful injuries. Mr. Small was driving when the wheels of the buggy fell into a pipe excavation. She was taken to her home in an ambulance.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and of course stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

REWARD FOR ALEXANDER.

Augusta Bank Offers $1,000 for His Apprehension.

Augusta, Ga., July 23.—The police have been notified that the Georgia Railroad and Banking company has offered a reward of $1,000 for the capture of Thomas W. Alexander, who recently left the city, after getting something like $120,000 from that bank through an alleged false warehouse receipts.

The reward offer has been kept very quiet, but its existence leaked out Friday, the bank officials having intended to have it known simultaneously by publication in home and New York papers.

Alexander is suspected of being in the latter city, but there is also a belief here, though what foundation there is for it is mere conjecture, that he is in Europe.

The offer of reward comes as great suprise, because Alexander has been gone two weeks, and it had been stated that there would be no effort to apprehend him.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and $1. Trial bottle free.

Bank For Filipinos.

Washington, July 23.—hTe Philippine commission has established in the islands a postal savings bank system in the bureau of posts under direction of the department of commerce and labor. Sums in excess of $500 shall not bear interest. Various limitations are placed on the sums and amounts of deposits and withdrawals in the second and third classes of banks.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co

70-Mile Electric Railway.

New York, July 23.—Announcement has been made in this city that surveys and estimates have been completed in Illinois and Indiana for an electric railroad 70 miles in length to be known as the Chicago, Lake Shore and South Bend railway. The terminals of the road will be South Bend and Hammond, and it is planned that the line shall be continued from Hammond into Kensington by the Illinois Central railroad, there connecting with its main line for through service into Chicago. A steamer service on Lake Michigan is planned in connection with the new road.

OPEN PUBLICITY THE BEST GUARANTY OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients *in plain English*, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisonous or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's pecular diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such *professional* endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's *free* for the asking.

THE SPANIARD.

His Courtesy, His Cigarette and His Lottery Ticket.

Of the courteous manners of all Spaniards a traveler writes: "So anxious is every one to be of service to others that the stranger is apt to consider the Spaniards very inquisitive people. An experience in a Madrid tramcar was enlightening in this direction. A woman in getting into the car appeared to have slipped and hurt her foot. She and her husband began an animated discussion upon the incident, and of the dozen others in the car every one except ourselves craned forward to listen. The passengers were well assorted, ranging as they did from a captain in uniform down to a woman almost of the beggar class. But one and all in turn joined in the discussion without exciting the least resentment, opinions being apparently welcomed. Gentlemen arriving at their destination ceased arguing, raised their hats and went out, leaving others in possession until the principals left."

"There is no hour of the day or night which a Spaniard deems inappropriate to the practice of smoking," the same writer observes. "Whenever he finds time hanging heavily, which is frequently, he lights a cigarette. Time hangs heavily on a Spaniard's mind in the brief interval between the courses at lunch and dinner, whenever he wakes at night, when traveling between station and hotel in an omnibus and always when in a railway train, regardless of ladies. The practice of smoking is so universal in Spain that railway compartments for nonsmokers exist in theory only, and the habit, combined with that of loud talking at all hours of the night and morning, makes the average Spaniard undesirable as a traveling companion, especially at night."

Of the sturdy beggars who overrun Madrid: "The beggars usually have some pretense for asking alms in the shape of a decrepit guitar or fiddle under the cloak, where it remains. Another plea is the sale of lottery tickets, the lottery being a great institution in Spain. Each ticket costs 5 pesetas (about $1), and beggars in absolute rags, as often as not children, rush about with strings of these for sale."—Chicago News.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Corfu's History.

Corfu is one of those Greek islands which, like the Isle of Man, has frequently been bought and sold. For 30,000 ducats the Venetians once secured it, and, with a fleet of galleys and a strong garrison, held it for many years against all comers. Chief of the Ionian islands, Corfu's vicissitudes may be said to have ended when, on the accession of King George of Greece, England (which had held sway from 1815 to 1863) handed over the "Seven Island" state to that monarch's keeping. To the head of the first naval power in the world the waters of Corfu have a unique interest; for it was here that the first recorded sea fight took place, in B. C. 665, between the Corinthians and the islanders. Of course victory fell to the islanders then as now. They were a crafty people, and when the Persian wars were in full swing cautiously waited to see how the oriental cat would jump. They jumped with the victor. The people of the town of Corfu are practically bilingual, for Italian has almost as firm a hold as Greek, but they love the Greek church better than the Roman.

Old Chronic Sores.

As a dressing for old chronic sores there is nothing so good as Chamberlain's Salve. While it is advisable to heal old sores entirely, they should be kept in a good condition, for which this salve is especially valuable. For sale by all druggists.

WIT IN CONGRESS.

Some Famous Retorts Made During the Heat of Debate.

One of the most famous of Reed's retorts was made at the expense of Springer of Illinois. The "Maine giant" had just read one of Springer's own speeches in refutation of the latter's argument just concluded. The Illinoisan launched into philosophy upon the privilege of progressive thinkers to change their opinions.

"I honor them for it," he continued. "An honest man is the noblest work of God. As for me, Mr. Chairman, in the words of an eminent American statesman, 'I would rather be right than be president.'"

"The gentleman from Illinois needn't worry, Mr. Chairman," drawled Reed. "He'll never be either!"

During the bitter fight against "Reed rules" the house was thrown into convulsions by General Spinola, who, pointing to the painting of the "Siege of Yorktown" hanging in the hall, gravely accused Speaker Reed of counting the Hessians in the background of the picture in order to make up a quorum.

The general always wore a tremendously high collar, so high, in fact, that Representative Tim Campbell tapped it one day with the ferule of his cane and inquired, to the amusement of the house, "Is General Spinola within?"

During the famous deadlock fight in the house over the civil rights bill General Ben Butler favored a Sunday session.

"Bad as I am, I have some respect for God's day," replied Sam Randall of Pennsylvania.

"Don't the Bible say that it is lawful to pull your ox or ass out of a pit on the Sabbath?" asked Butler. "You have thirty seven asses on your side of the house; and I want to get them out of this ditch tomorrow. I think I am engaged in holy work."

"Don't do it," replied Randall. "I expect some day to see you in a better world."

"You'll be there, as you are here, a member of the lower house," flashed back the general, with telling effect.—American Magazine.

A Hundred Million Suns.

A peep into the heavens through a modern telescope is a peep into the very depths of mystery. With such an instrument one may gaze upon 100,000,000 stars, each of them a burning, blazing sun. From what little we know of creation we cannot but believe that each of those suns is giving light and heat to a train of planets, just in the same manner that our sun gives light and life to his little flock of worlds. Beyond those 100,000,000 suns there may be hundreds of millions more. Thus they may continue "system after system and worlds without end."

The Smile

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.
